We operate remote Alaska fly-fishing camps on the Hoodoo (Sapsuk) and Steelhead rivers.

We target kings, silvers (coho) and steelhead.

We also offer some of the best giant halibut fishing in the state. Our wide array of locations and water types offer endless fishing opportunities.

Imagine quality riverside lodging with great fishing just a cast away. No crowds, exclusive access, only 6 guests per week. Sight fishing for chrome bright kings. Catching silvers by the dozen. Swinging flies for steelhead fresh in from the Bering Sea.

We can make it happen!
